Chapter one Edit "Now, now, what do I know? I didn't know very many facts. I mean, you know, about the war, the death of Dumbledore, the war with Malfoy, about the Dark Lord. I actually didn't understand, no one did until the time Dumbledore died, until then people did. Not only that, I didn't even know about the other books, the wizarding world didn't know very much about the war with Voldemort. And now I'm about to get to some interesting facts that you do and don't know, so lets begin."

We've decided to use the funds raised for our Kickstarter campaign for the following reasons:.. A Brief Introduction to the English Language Contents show] Contents show] Preface Edit.. This article is a work of fiction based on facts originally written by Harry Potter. For further information and information regarding the characters, please read the novels or films.. For centuries, history and magic have been closely intertwined, creating a very powerful magical world under the rule of wizards. While the world is more technologically advanced than the ancient world, not one wizard in the time of the Dark Lord has ever escaped destruction from his enemies. In fact, Harry Potter is the last person to discover the full extent of the Dark Lord's activities.[1]..
